OBJECTIVE

Dedicated and ambitious undergraduate at Saegis Campus with a passion for software development, database management, and academia.

Awarded the dean's award for academic excellence in 2023. Experienced in Java, HTML, and CSS, currently studying JavaScript, react, and other programming skills, with awareness of SQL. Highly adaptive and effective in team environments. Seeking a challenging software development position to leverage and further develop my skills, contribute to innovative projects, explore new technologies, and collaborate with professionals.
